

Lot 1

2013 BMW M135i 5 door N55 hatchback, 2979cc. Registration number MT13 OOX. Vin number WBA1B72050. Engine number 09858532.

After debuting the M135i Concept at the 2012 Geneva Motor Show, BMW unveiled the M135i production version. The new model is distinguished by a specific exterior and interior design, as well as an impressive 3-litre, straight six-cylinder engine that delivers 320 HP. This output allows the car to sprint from 0 to 60 mph in just 5.1 seconds and up to a top speed of 155 mph (electronically limited).

The car's exterior is distinguished by specific M design elements: a front apron with large air intake vents and three-dimensional flaps on the outer air vents inspired by automobile racing. At the rear, there will be an impressive rear apron plus dual exhaust pipes. The final touch is provided by a new set of 18-inch M light alloy double-spoke wheels. The interior receives Hexagon/Alcantara upholstery, an M leather steering wheel, BMW Individual roofliner in Anthracite, and an aluminum Hexagon trim with matte Estoril Blue or high-gloss black accent lines.

OOX in Estoril Blue with Coral Red leather and Black Highlight interior was sold by BMW Liverpool in June 2013 with the following optional extras; sport automatic transmission, adaptive M-Sport suspension, electric glass sunroof, folding exterior mirrors, lumbar support, extended storage, headlight wash, full black panel display, BMW advanced speaker system, driver comfort pack, visibility package, sun protection package and BMW media package. In August 2019 a Nextbase 522GW dash cam was hardwired into the car at a cost of £233.

The MOT history rises from 17,865 in 2016 to the current March 2021 one at 53,333. There is a 2019 service receipt on file at 41,292 miles for £546.00.

The car computer records 6 services (5 x BMW), 04/2015 at 12,119, 08/2017 at 27,416, 03/2018 at 34,196, 02/2019 at 47,348 and 08/2021 at 56,088 miles

This M135i is being sold as part of a local deceased estate and comes with the V5C, full set of handbooks, two keys and a Experian Autocheck from 2018, Spicers have checked with HPI and there are no issues with the car. Our transport firm enjoyed the drive as did the cataloguer!!
